

Dear Friend,

Greetings once again from the Maynard Community Chest - Maynard's only hometown charitable non-profit organization. The Maynard Community Chest raises and distributes funds to a broad range of human service agencies assisting people who live and work in Maynard. We are proud that the Community Chest has continued to enjoy the critical support of Maynard's business community. Our 2008-2009 capital campaign coincided with the worst business downturn in decades. Despite that, the Maynard business community rallied to support the Community Chest, for which we are especially grateful.

But times are still tough. In fact, what our supported organizations tell us is what you'd expect: that the number of people making use of their emergency services has grown substantially since last summer. This increase in service demand coupled with a decrease in government and foundation grants has left the organizations we support needing to serve more people with even less funding.

This year, more than ever, we are in need of whatever level of support you are able to offer. In return for your support, the Community Chest seeks to appropriately recognize you. In addition to publicly noting your support at each opportunity (such as on our website, www.maynardchest.org, and in most Community Chest publicity), we are also pleased to announce the return of our "Proud Supporter of the Maynard Community Chest" vinyl cling stickers to all businesses contributing at least \$50.

Please know that the Community Chest deeply appreciates all that you do in Maynard, and we hope you will consider giving back directly to Maynard by a contribution to the Community Chest.

Proudly in black and orange,

Jennifer C. Ubaldino
